

UNIVERSAL TILE RIDGE VENT

Overview

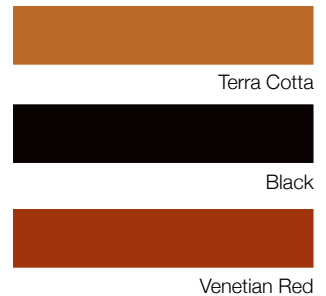

Quarrix Tile Ridge Vent combines ridge ventilation and expandable weather blocking in one product. The aluminum closure system stretches 40% to attach to any tile or metal roof with a simple peel-off butyl adhesive.

Quarrix Universal Tile Ridge Vent Benefits

- Lightweight & Extreme**
 Expands 40% to attach to any tile or metal roof.
- Architectural Appeal**
 Low profile and coordinating colors make it virtually disappear into the roof.
- Proven Performance**
 Efficient installation with peel-off butyl adhesive on aluminum.
- Complete System**
 Compatible with Quarrix system solution of tile accessories - Tile Blocking, Tile Flashing, Flow-Thru Tile Battens, Furring Strips and Tile Fasteners.
